

TO WHOM IT MAY CONCERN.

BARAMA are employed on the BP AGT Project on Special Roads projects here in Georgia.

It has been my pleasure having worked closely with BARAMA ever since I've been in Georgia and have developed a most enjoyable friendship with both Yusif and Arif.

From the very beginning of their involvement with the project they have performed in a most professional manner contributing to the excellent score of Zero Incidents enjoyed by all on the project.

BARAMA's attention to detail, quality leadership and positive attitude in the Health and Safety field is most evident, a job well done by their HSE manager Elchin, a HSE Professional.

I recommend BARAMA to anyone in need of a Hard Working Professional contractor who places Safety above all else and gets the job done.

I personally wish Yusif and Arif Every success in their future assignments and wish them well.

A handwritten signature in black ink, appearing to read 'Ian Milroy', written over a dotted line.

Ian Milroy – Senior Health and Safety Advisor,
BP – AGT Pipeline, Special Roads Projects.
